

# NEW YORK STATE'S TWO EXECUTIVES

## Governor Sulzer and Lieutenant Governor Glynn Attempt to Conduct the State's Affairs From Governor's Chamber — Department Heads at a Loss to Know Whose Instructions to Follow

### SULZER SAYS IMPEACHMENT IS UNLAWFUL

#### Clerk of the Senate Serves Papers Upon the Governor, Who Accepts Them Without Any Apparent Concern—On Advice of Attorneys Refuses to Talk — Serious Nervous Break-Down of Mrs. Sulzer Causes Governor Deep Concern

Albany, N. Y., Aug. 14.—Two claimants to the office of governor of New York sat in the capitol today, each asserting his right to the office and attempting to conduct the state's affairs from his own chambers.

William Sulzer, impeached governor, sat in the executive chamber on the second floor of the building. He is going to sit there every day, according to friends, disregarding the impeachment proceedings which he regards as unconstitutional.

Martin H. Glynn, lieutenant governor, laid claim to the governorship on the grounds that Sulzer ceased to be governor when the senate received the articles of impeachment yesterday.

The army of state employees is demoralized. Department heads are at a loss to know whose instruction to follow.

Mrs. Sulzer, star witness of the impeached governor, is so seriously ill of a nervous disorder that two additional specialists have been summoned by wire to attend her. Governor Sulzer asserted emphatically that he would not permit her to take the stand at his trial for impeachment, which probably will start September 22.

The articles of impeachment, complaint and summons were served on Governor Sulzer immediately after his arrival at the capitol by Patrick E. McCabe, clerk of the senate. The governor received Mr. McCabe in the presence of a crowd of newspaper men and capitol attendants. He shook hands with Mr. McCabe and took his stand behind his big flat top desk, while the senate's envoy said:

Accepts the Service.

"I am directed by the president of the senate to serve upon you a summons and complaint and articles of impeachment."

Governor Sulzer took the papers, grunted, and tossed them, unopened, on his desk.

"All right," he said.

Then he posed for a photograph with Mr. McCabe, asked the newspaper men to be seated and sat down himself at his desk. His private secretary stood beside him and made the following announcement:

"The governor has been enjoined by his counsel from making any statement. I will say, however, in his behalf, that his illness, Mrs. Sulzer is nursing the governor considerable concern. Her condition last night was very serious. The specialist summoned from New York last night is here and the governor today summoned two other doctors from New York to attend her."

Governor Sulzer then retired to his private office for a series of conferences.

Mrs. Sulzer's temperature was 102, her pulse 110, her condition serious, and she can see no one, according to a bulletin issued this afternoon.

Complex Situation.

Albany, Aug. 14.—The complex machinery of the state government over which both William Sulzer and Martin H. Glynn claimed sole authority, bade fair today to be thrown out of gear by their rival attempts to direct it.

Heads of the many departments were divided into two groups. One of these groups under the leadership of Sulzer, adhered to his contention that his impeachment yesterday was unconstitutional and prepared to continue their obedience to his instructions as if there had been no impeachment. The other holding that he ceased to be governor when the senate received the articles of impeachment charged against him, was marshaled under the standard of Glynn, ready to carry out his orders and to ignore any which the impeached governor might see fit to issue.

Never in the history of the state has its army of employees been more demoralized. Nor does the panic affect only the internal affairs of New York. It extends to the state's returns with other commonwealths and unless the issue is speedily settled there is every indication that other states will find themselves in the perplexing position of deciding who is governor.

An instance of the situation was revealed in the announced intention of both Glynn and Sulzer to sign requisition for prisoners held in the name of New York outside its bounds.

Whatever today might bring forth no permanent relief in the situation was indicated this forenoon. Leaders of the two factions expected no relief until the meeting of the legislature next Tuesday afternoon, then they believe the issue will be squarely

before Patrick E. McCabe, clerk of the senate, sent in word that he wanted to see him in a minute. The articles of impeachment and the summons were served by Mr. McCabe on the governor at 11:06 o'clock.

"All right," said Mr. Sulzer, in accepting service.

Lieut. Governor Glynn reached the capitol at 11:25 o'clock and went to his office on the third floor.

"I shall exercise whatever functions of government may come before me," he said. "However, I shall use my own staff and not enlist the aid of the militia."

Governor Sulzer continued to exercise the functions of the executive today, signing among other papers a requisition from the governor of New Jersey for the extradition of a person in custody in this state. The name of the individual sought by the New Jersey authorities was not made public.

Adjutant General Hamilton, head of the National Guard of New York, and a Sulzer appointee, recognized Lieutenant Governor Glynn as acting governor of the state this afternoon, sending an emissary to ask him if there were any orders he cared to transmit. Mr. Glynn said he had no orders and if he should have any in the future he would make them in writing.

Secretary of State May has decided to recognize Mr. Glynn's claim to be acting governorship, according to Mr. Glynn's friends. The great seal of the state of New York is in Mr. May's office and access to it will be given to Mr. Glynn and denied to Mr. Sulzer, they assert.

Mrs. Sulzer Breaks Down.

New York, Aug. 14.—Mrs. William Sulzer, who has injected herself into the case of impeachment of Governor Sulzer by "confessing that speculation with her husband's campaign funds was carried on by herself, became a still more conspicuous figure in the situation today, because of the reports of her nervous breakdown. Dr. Robert Abrams, a nerve specialist, who has treated Mrs. Sulzer before, left New York at midnight for Albany in response to a summons, with the understanding that Mrs. Sulzer was in a very serious condition of prostration.

Mrs. Sulzer is known among her friends as a model homemaker and the statement attributed to her regarding her speculation with campaign funds to help meet household expenditures, has been a great surprise to those who know her.

While Governor Sulzer was a member of congress the couple lived in an unpretentious apartment in East Capitol street in Washington, where Mrs. Sulzer delighted in playing the role of both cook and hostess when friends were being entertained.

LAWSON TO HELP SULZER.

Portland, Ore., Aug. 14.—Thomas W. Lawson, financier of Boston and New York, said here today that he had telegraphed Governor William Sulzer offering to put up \$100,000 if Sulzer would put up a fight under Lawson's direction, to be directed against Tammany.

# BANKERS TO GET FUNDS

Washington, Aug. 14.—Bankers from Pacific coast cities gathered at the treasury department today to outline their needs for participation in the \$50,000,000 government deposits about to be distributed in the crop moving states.

Secretary McAdoo made it plain that while the funds are to be placed only with banks in the larger cities, it was with the express stipulation that they would look after the needs of the small banks.

A long discussion of the administration currency bill took place. Treasury officials said the bankers expressed themselves as being in accord with the federal control board plan, but suggested changes in the reserve features. Among those present were: Jesse Stoddard, Los Angeles; James K. Lynch, San Francisco; E. A. Wild, Portland, Ore.; Daniel Kelleher, Seattle, and Charles A. McLean, Spokane.

Washington, Aug. 14.—Immigration officials today issued a warrant for the arrest of Clara Melcher at Los Angeles, with directions to its inspectors in that city to hold her in connection with charges against Stanislaus Sukowski, a former Austrian army officer, who departed for the Orient yesterday from Vancouver, with his bride, Miss Marie Louise Freese, daughter of a wealthy Los Angeles family. The woman will be used as the chief witness against Sukowski when he is brought back to this country to face charges of violating the white slave law.

# PRINCE MUST FACE CHARGE AN ACCIDENT

Clifton, Ariz., Aug. 14.—Nine men were killed and one probably fatally injured late yesterday when a cable pin snapped at the Coronado mine and two ore cars, carrying twelve tons of ore and thirteen miners dashed down a thirty-eight degree grade for a distance of 3300 feet.

The cars and their passengers had just been lowered over the brink of the grade which is one of the longest and steepest in the world, when the pin holding the cable attached to the cars snapped, the safety chains broke at the cars started downward like a shot.

Three Americans, named Liddell, Scott and Ambler, promptly rolled off, but nine of those who remained on the cars were killed while the other was so seriously injured that he was expected to die.

The dead were:

MINING ENGINEER SCHAEFFER, formerly of Colorado.

E. M. JONES, an electrician of Clifton.

THREE AMERICANS, TWO ITALIANS, AND TWO MEXICAN MINERS.

# SAYS TARIFF FIGHT OVER

Los Angeles, Cal., Aug. 14.—United States Senator John D. Works, is at his Los Angeles home today with the intention of remaining away from Washington during the remainder of the present special session of congress, unless matters of grave importance demand his return.

"I have made my fight on the tariff," said Senator Works. "The Progressives and the Progressive-Republicans would have been glad to support a fair measure for tariff reduction, but they all believe there should be reasonable protection to the country's industries. The reduction of the tariff on lemons gives a fair illustration of the way the bill was formulated."

GIRL IS PAID LEGAL WAGE.

Logan, Aug. 12.—A L. Toone of the state immigration office was here today and effected a settlement between a young woman and a business man who had paid her less than the minimum wage allowed by the law. After a conference the employer gave a check for the balance due the girl under the statutes.

# COMPLETES HER STORY

## Lola Morris Follows Marsha Warrington as Witness in Driggs White Slavery Case — Will Tell About Same Story

San Francisco, Aug. 14.—Marsha Warrington concluded her testimony in the Driggs white slavery case shortly before noon today and was followed on the witness stand by Lola Morris. There will be no further examination of Miss Warrington either by the defense or the government. Attempts to shake her testimony only drew stronger affirmations, and the court cut short the questions as "a minute pursuit of collateral matters."

Like her friend and sorority sister, Lola Morris is an extremely pretty girl.

She was dressed modestly in blue, wore some jewelry and carried a silver mesh vanity bag. Her veil did not hide the play of her features.

Motion picture machines were set up today in the corridors of the federal building and in the street approaches to the court room.

Judge Van Fleet and the attorneys for the government unqualifiedly refused to make any comment today on the cautions repeatedly given the jury yesterday not to discuss the case, permit it to be discussed within their hearing or have anything to do with friends or relatives of Driggs or Caminetti. Reports that an agent of the department of justice has been detailed to watch the jury could not be verified.

# MILITIAMEN GUARD CAMP

## British Columbia Strike Situation Is on the Improve—Riotous Mob Fails to Put in Appearance—Looters Do Much Damage to Town

Nanaimo, B. C., Aug. 14.—Fearing that trouble might be precipitated if they attempted to land at Nanaimo, 200 militiamen were ordered up from Victoria were put ashore this morning at Departure Bay, five miles from the main wharf of Nanaimo. No strikers mob was in sight and the uniformed men, bearing arms, marched into Nanaimo.

The mob which last night fought and burned property at Extension, fifteen miles away, did not return here. A messenger from Ladysmith and Extension could not tell how many houses had been burned or what damage had been done by looters and window breakers.

Twenty-two special policemen returned from Nanaimo to Victoria this morning. They said they did not care to stay in the strike zone any longer.

Reports received today of the rioting in various coal towns of Vancouver island yesterday and last night show the following results:

Two mines shut down and flooding; Nanaimo river bridge blown up and locomotive dumped; hotel and strikebreakers houses at Ladysmith and company property at Extension burned; store at Extension wrecked and looted; Nanaimo Herald forced to suspend publication.

Alexander Baxter, a contractor at Extension, was shot and seriously wounded.

# POWDER BURNS FREELY WITHOUT AN EXPLOSION

Nevada City, Aug. 14.—Black smoke pouring from an alley here late this afternoon attracted a big crowd, which scattered hastily when informed that a wagonload of plant powder was on fire. The absence of percussion caps allowed the entire load to burn with an explosion. A five-gallon can of gasoline exploded, but no great damage was done.

Believing that a terrible explosion was imminent, the driver shot one of his horses, because of some delay in loosening the harness. A sheet of flame shot up several hundred feet, and many believed the city was doomed.

# CHARLTON TO FACE CHARGE

## Confessed Wife Slayer Leaves in Custody of Two Officers for Italy — Mother and Father Accompanying Him to Attend Trial

Jersey City, N. J., Aug. 14.—Porter Charlton, confessed wife murderer, sailed today to be tried in Italy for killing Mary Scott Castle Charlton and throwing her body in Lake Como. The steamship Re-D'Italia, on which the prisoner travels third class in charge of Italian officers left her pier about 10 o'clock.

Italy has no death penalty, but Charlton faces the possibility of solitary confinement for life. His father, Judge Paul Charlton, a Yale classmate of ex-President Taft, will attend the trial.

Charlton was reported to be in high spirits in prospect of a seavoyage after nearly three years' confinement, and confident that at the hands of the Italian authorities he would receive an acquittal.

Before being removed to the steamship Re-D'Italia, he shook hands with all the jail officials and his fellow prisoners and he was also visited by his father, Judge Paul Charlton, who with his wife, who is the prisoner's stepmother, will go to Italy to be present at the trial.

Charlton was a young bank clerk and was on his honeymoon with Mrs. Neville H. Costle, daughter of Dr. Henry Scott, a San Francisco coal merchant, when the tragedy occurred at Lake Como, Italy, near which the couple had been living in a villa. Mrs. Charlton's body was found June 19, 1910, in a trunk at the bottom of the lake. Charlton was traced to America, where he confessed to killing his wife. He has bitterly fought extradition for the last three years but on July 8 last he lost his last appeal, when the United States supreme court held that he must be given up to the Italian authorities.

# 1200 KILLED IN BATTLE

Canton, China, Aug. 14.—Twelve hundred persons were killed in the fighting in Canton City yesterday. Pillage is in progress everywhere.

Half of the government troops have joined the rebels and together they have looted the principal goldsmith and silversmith stores. Local officials and army officers are powerless owing to dissensions among themselves.

An attack on the foreign concessions at Shamen is believed by foreign residents to be in contemplation and the detachment of Indian native troops stationed there as a guard was reinforced today from Hong Kong. The foreign quarters serve as a buffer between the rival forces.

A huge fire broke out today, destroying thirty barracks, and as a result of the accompanying rioting, the exodus of the civilian population continued without abatement.

Traffic on the Hankow railway has been suspended.

From Fuyuen, to the north of Canton, a report was received today of a raising of brigades and from other parts of the province of Kwang Tung news has reached here that a state of chaos exists.

General Luong Chi Kuang with his northern troops has retired from the vicinity of the city.
